

Module 3.2 Types of Reading Difficulties Based on the Simple View of Reading

- Types of Reading Difficulties
 - Using the Simple View model
 - Word-level reading
 - Language comprehension
 - Both
 - These three patterns yield the three well-established reading disability subtypes
 - Dyslexia
 - Poor word-level reading with average or better language comprehension
 - Hyperlexia
 - Skilled word-level reading with below average language comprehension
 - Traditionally called “word callers”
 - Mixed/Combined Reading Difficulty
 - Difficulties with both word-level reading and language comprehension
